Present your data as visually-stunning graphs using Canva's free and online graph tools

Whether you need to compare and contrast different numbers, track changes across a given time period, show relationships between two or more data sets, or illustrate an organization's structure, graphs and charts are a great way to present your data in a visual and easily digestible way.

With Canva, you can design your own professional-quality graphs without the need to hire a graphic designer. Canva does all the work for you — just type in your labels and values or copy and paste them from a sheet and watch as Canva builds a custom graph or chart. For more structural charts like Venn Diagrams, Organization Charts and Mind Maps, we have ready-made templates that are just waiting for you to customize and edit using Canva's suite of powerful yet easy to use design tools.

Do you want to create awesome designs from scratch in as little as a few minutes?

Canva's awesome suite of features make it easy to turn ideas into stunning designs. Simply search for the best graphics, photos, and fonts, then use Canva's drag and drop tool to create a design.

Whether your next design project is a creative collage, a social media graphic or even a web mockup – Canva's features make it possible for anybody to create amazing designs.
